

2019 Preferred Drug Formulary Exclusions

The excluded medications shown below are not covered on the Citizens Rx Preferred Drug Formulary. In most cases, if you fill a prescription for one of these medications, you will pay the full retail price.

Take action to avoid paying full price. If you're currently using one of the excluded medications, please ask your physician to consider prescribing one of the preferred alternatives listed below. Benefit designs may vary with respect to drug coverage, quantity limits, step therapy, days supply and prior authorization. If you have any questions regarding your coverage, please contact your benefits administrator or the Citizens Rx Member Service Department at the number located on your ID card.
